

ASSIGNMENT – 1

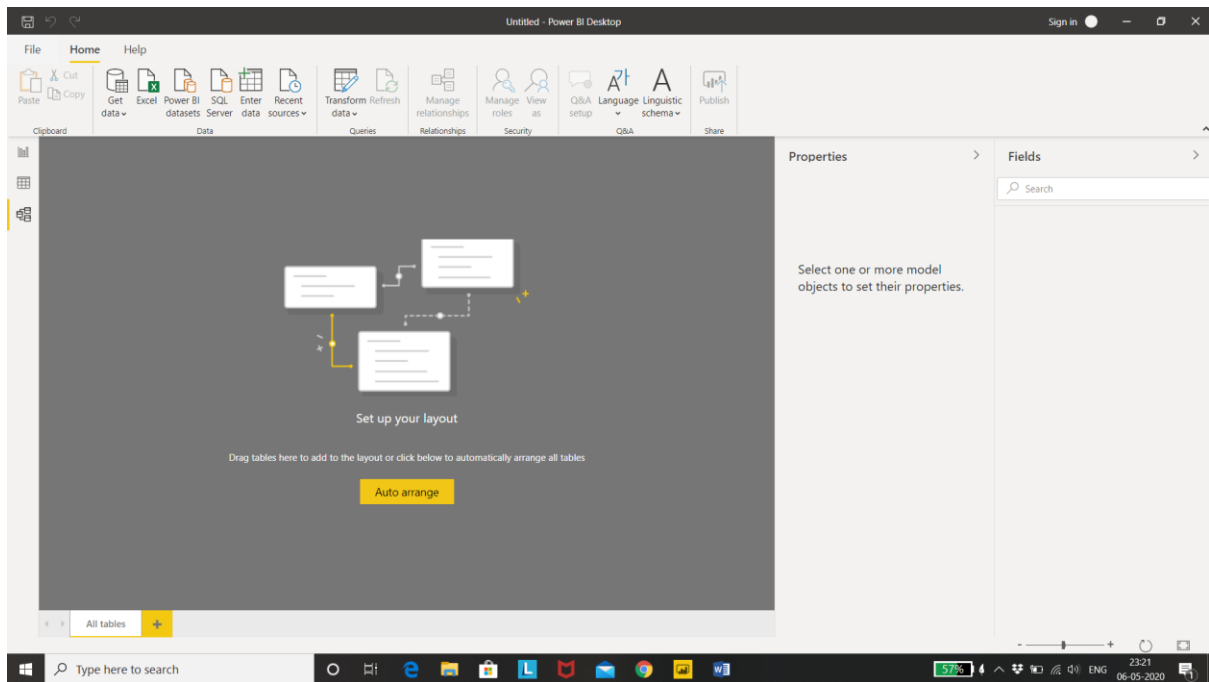

- Report View

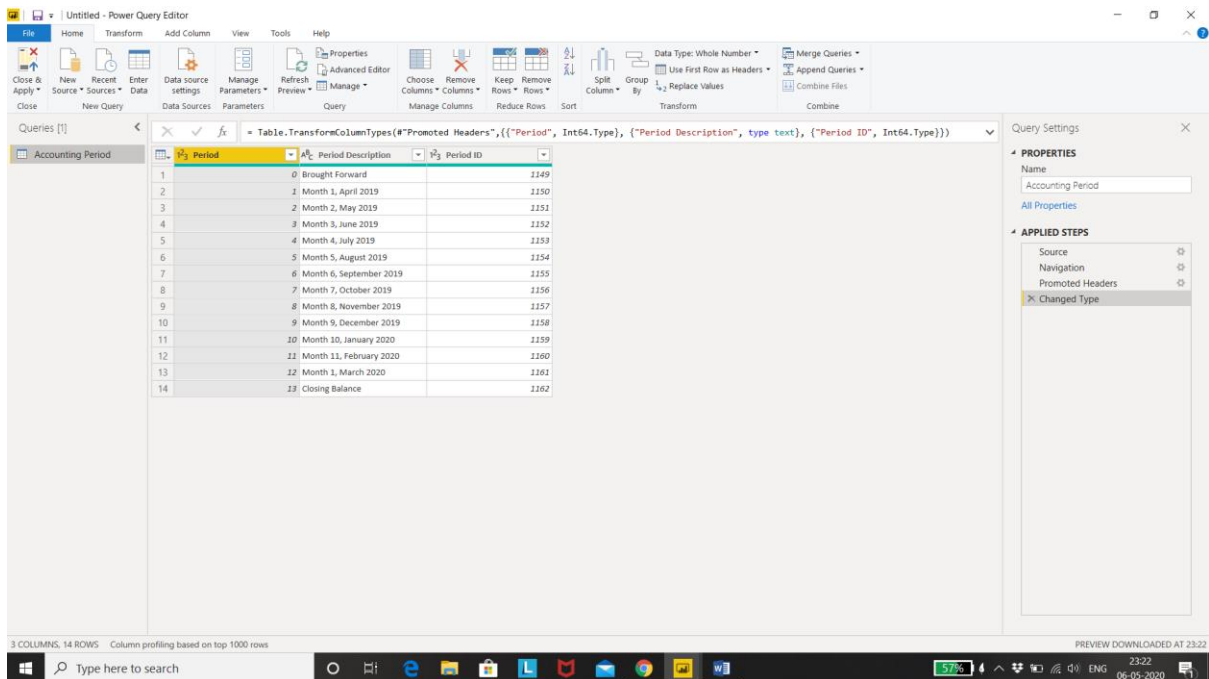

- Data View

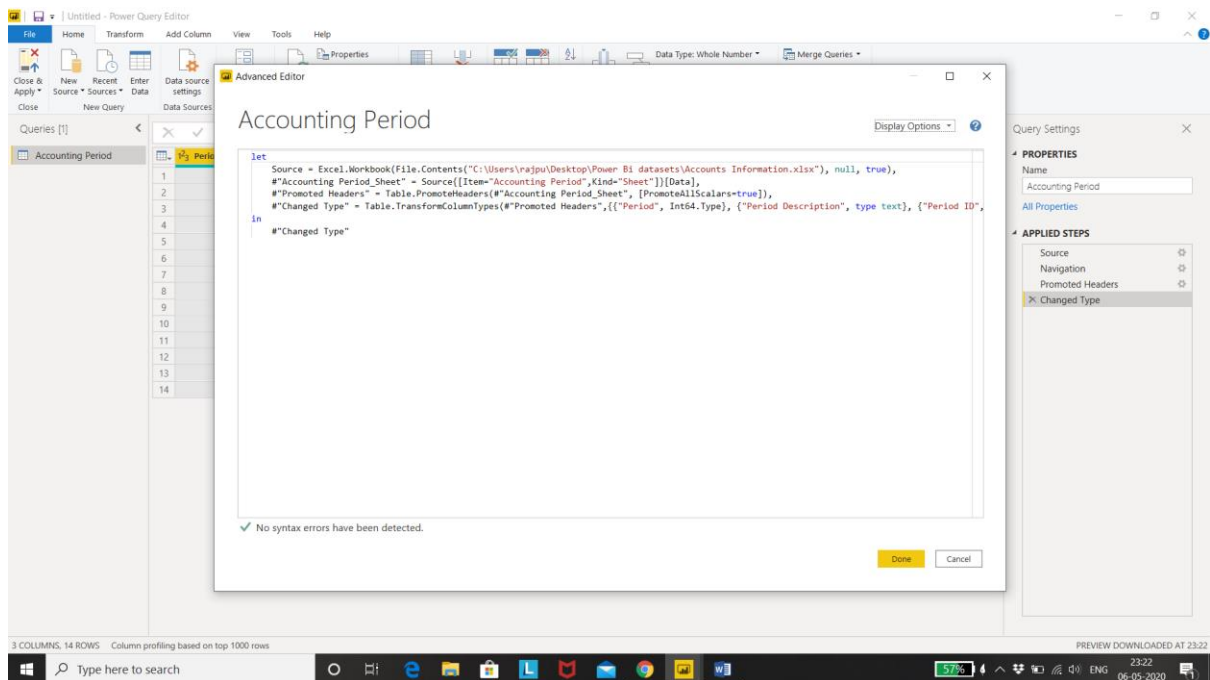

- Model View

- Power Query Editor

- **Advance Editor**

- **Power BI Desktop:**

Power BI is a business analytics service by Microsoft. It aims to provide interactive visualizations and business intelligence capabilities with an interface simple enough for end users to create their own reports and dashboards.

Cost: The **Desktop** level is free for individual users.

- **Power BI Pro:**

Power BI Pro is an individual user license that lets users read and interact with reports and dashboards that others have published to the **Power BI** service.

Cost: \$9.99/user/month

- **Power BI premium:**

Power BI Premium is a capacity-based offering that includes: Flexibility to publish reports broadly across an enterprise, without requiring recipients to be licensed individually per user. Greater scale and performance than shared capacity in the **Power BI** service.

Cost: \$4,995 a month
